Dear Patient

## **Confirmation of Practice Merger on 1 October 2025**

We confirm that the merger of Station Road Surgery and Sidcup Medical Centre has been approved and will take effect from 1 October 2025.

The merger aims to maintain reliable, high-quality healthcare for all patients. By merging resources and expertise, we will provide better appointment access, a wider range of clinicians, and improved services at every location.

### **What does this mean for you as a patient?**

- You will be registered as a patient of Sidcup Medical Centre. However, your usual clinicians and services at Station Road Surgery will remain unchanged. You may continue to attend appointments at Station Road Surgery as you do now.
- You will also have the flexibility to access appointments and services at any of the Sidcup Medical Centre locations, including Church Avenue, Burnt Oak Lane, Thanet Road, and Crook Log Bexleyheath.
- There are no plans to close or relocate either Station Road Surgery or Sidcup Medical Centre. Both sites will remain open, and opening hours and appointment availability will stay the same.
- Your medical records will be merged into a single patient database, ensuring seamless access to your information at any practice location. All NHS patient confidentiality safeguards will remain in place.
- The process for booking appointments, renewing prescriptions, and accessing out-of-hours care will remain unchanged. You will continue to be contacted for routine reviews, vaccinations, and screenings as usual.
- If you require access to specialist clinics or services, you may be offered appointments at the most appropriate site, but this will always be your choice.

We understand that change can bring questions, and we are committed to supporting all patients throughout this process. Our teams at both Station Road Surgery and Sidcup Medical Centre are dedicated to ensuring you experience a seamless transition and continued excellence in care.

You can follow Sidcup Medical Centre on Facebook:

Thank you for your understanding and support as we move forward with this positive and progressive development.

Yours faithfully,

Dr Britta Knigge
